Some hints for participants

- The webinar will be recorded

  🔴 REC

- Your mic and camera are turned off

- Use Q&A functionality to ask your questions during the webinar, which will be answered during the Q&A session

	Practicing FAIRness for geospatial and cross-border data
10.30 - 10.40	**Welcome and introduction** - *Giacomo Martirano (EPSIT)*
10.40 - 10.45	Poll#1
10.45 - 10.55	**The EU Data Strategy and Open Data** - *Daniele Rizzi (DG-CONNECT)*
10.55 - 11.05	**The creation of Pan- European Datasets – challenges and opportunities** - *Hannes Reuter (Eurostat)*
11.05 - 11.15	**EEA's FAIR future in a green data space** - *Stefan Jensen (EEA)*
11.15 - 11.25	**Improving FAIR data sharing in support of the European Green Deal data space: the INSPIRE Good Practices** - *Marco Minghini (DG-JRC)*
11.25 - 11.35	**Trends and challenges in sharing geospatial data on data.europa.eu** - *Antje Kügeler (data.europa.eu)*
11.35 – 11.40	*Coffee Break*
11.40 - 12.00	**FAIRification of geospatial cross-border data** - *Stefania Morrone (EPSIT)*
12.00 - 12.30	**FAIRness assessment** *Alejandro Guinea de Salas (Geograma), Juan Martin Pelegrina (Bilbomatica), Fabio Vinci (EPSIT), Marc Olijslagers (KU Leuven), Thorsten Reitz (wetransform), Anders Ostman (Novogit)*
12.30 - 12.35	Poll#2
12.35 - 12.55	**Q&A**
12.55 - 13.00	**Conclusions - *Danny Vandenbroucke* - *(KU Leuven)***

GO-PEG in a nutshell

www.go-peg.eu

Co-creation of use cases with stakeholders

Enhanced tools

(Etherogeneous) input data

Harmonised thematic open datasets
- in the areas of environment, emergency and disaster management
- published by MS in their national geoportals
- discoverable in data.europa.eu
